

# REPORT ON 6-DAYS FACULTY DEVELOPMENT PROGRAMME on

## “Skill Development in Teaching Methods”

Organized by

**Human Resource Development Cell**

**Sri Ganganagar College of Ayurvedic Science and Hospital**

**Tantia University, Sri Ganganagar – 335002 (Rajasthan)**

### 1. Introduction

Faculty Development Programme (FDP) is an essential academic activity aimed at enhancing teaching competencies, research aptitude and professional skills of faculty members. Such programmes play a vital role in improving the quality of education by equipping educators with modern pedagogical tools and innovative teaching-learning methods.

The Human Resource Development Cell of Sri Ganganagar College of Ayurvedic Science and Hospital organized a **6-Days Faculty Development Programme on “Skill Development in Teaching Methods”** to strengthen the teaching capabilities and academic excellence of faculty members.

### 2. Objectives of the Programme

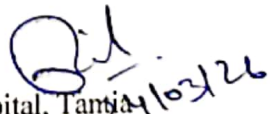

The programme was conducted with the following objectives:

- To enhance teaching and learning skills among faculty members
- To introduce innovative and student-centered teaching methodologies
- To develop effective communication and presentation skills
- To improve assessment and evaluation techniques
- To promote use of modern educational technology in teaching
- To encourage research orientation and academic development

Faculty development programmes are known to improve teaching quality, assessment practices, and overall educational outcomes in health professions education.

### 3. Duration and Venue

- **Duration:** 6 Days
- **Venue:** Charak Auditorium
- **Organized by:** Human Resource Development Cell
- **Institution:** Sri Ganganagar College of Ayurvedic Science and Hospital, Tantia University

  
**Principal**  
Sri Ganganagar College of Ayurvedic Science & Hospital  
Tantia University

## 4. Inaugural Session

The programme commenced with an inaugural ceremony graced by:

- **Chief Guest:** Prof. M. M. Saxena, President, Tantia University
- **Chairperson:** Dr. Rishu Sharma, Principal, Sri Ganganagar College of Ayurvedic Science and Hospital

The session began with Saraswati Vandana and lamp lighting, followed by a welcome address highlighting the importance of continuous faculty training in modern education systems.

The Chief Guest emphasized the need for **innovative teaching, digital integration, and student-centered learning approaches** in Ayurveda education.

## 5. Programme Highlights (Day-wise Summary)

### Day 1 (09-03-2026)

Tantia University  
Sri Ganganagar (Raj.)-335002

## 8. Feedback from Participants

Feedback collected from participants indicated:

- Improved understanding of modern teaching techniques
- Increased confidence in classroom delivery
- Better knowledge of assessment methods
- Appreciation for interactive and practical sessions

Participants found the programme highly beneficial and relevant to their teaching responsibilities.

## 9. Outcomes of the Programme

- Enhanced teaching competency among faculty
- Adoption of innovative teaching-learning methods
- Improved assessment and evaluation practices
- Strengthened academic and research skills
- Promotion of a student-centered learning approach

## 10. Valedictory Session

The programme concluded with a valedictory session that included:

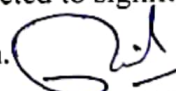

- Presentation of the summary report.
- Distribution of certificates to participants
- Address by dignitaries encouraging continuous professional development
- Vote of thanks by programme coordinator

## 11. Conclusion

The 6-day Faculty Development Programme was a **highly great success**, achieving its objectives of improving teaching skills and academic excellence among faculty members.

The initiative by the Human Resource Development Cell reflects the institution's commitment to **quality education and continuous professional development**.

The knowledge and skills gained during the programme are expected to significantly enhance the teaching-learning process and benefit students in the long run.
